

# Child Find Screening

**Are you worried about your child's development?**

**Any child, birth to five, whose family or caregivers would like more information about their child's development can contact their local district to receive a Free Child Find Screening.**

**What happens during a Child Find Screening?**

The purpose of a Child Find Screening is to identify issues that may affect your child's learning, growth, and development and to help parents identify their child's strengths and weaknesses.

During the screening, your child may stack small blocks, cut with scissors, draw, count, name colors, jump, and have fun!

After the screening, someone will talk to you about the results and you may be given suggestions, a referral for more testing, or scheduled to have skills rechecked later. The whole process takes about 45 minutes!

**Where can I go for screening?**

**Child Find Screening available, Monday, October 21 at OISD**

**CONTACT:**
